Increasing Access to and Building Demand for Healthy Food

Healthy Food Access in the Last Administration

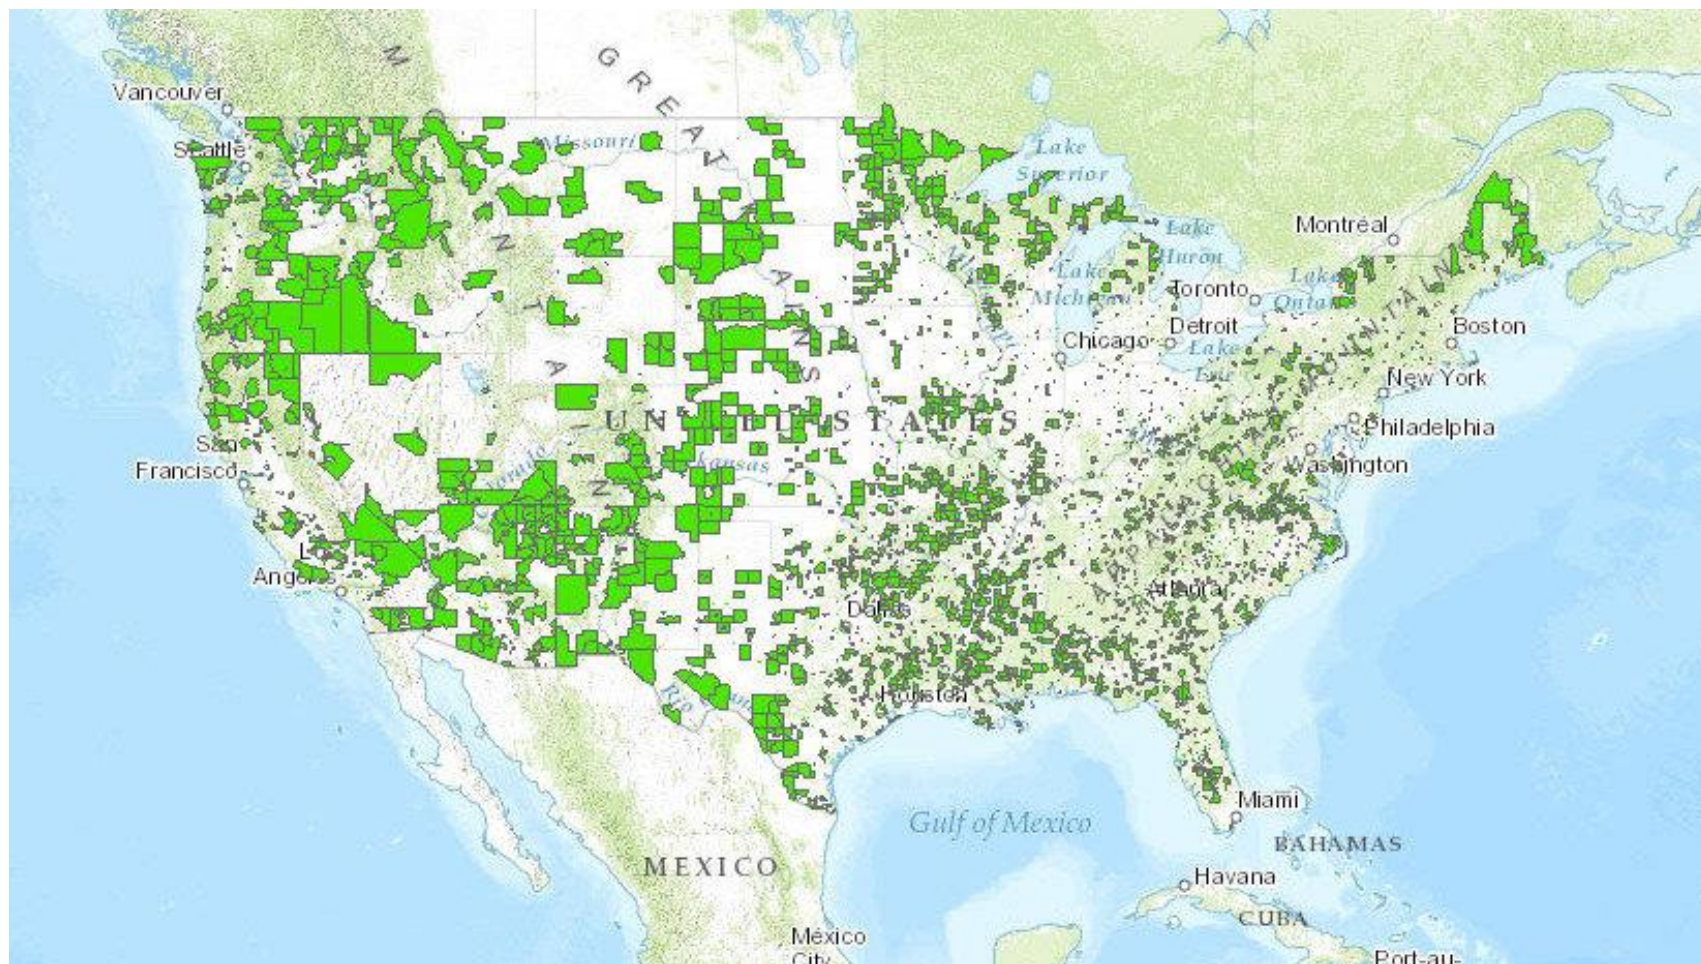

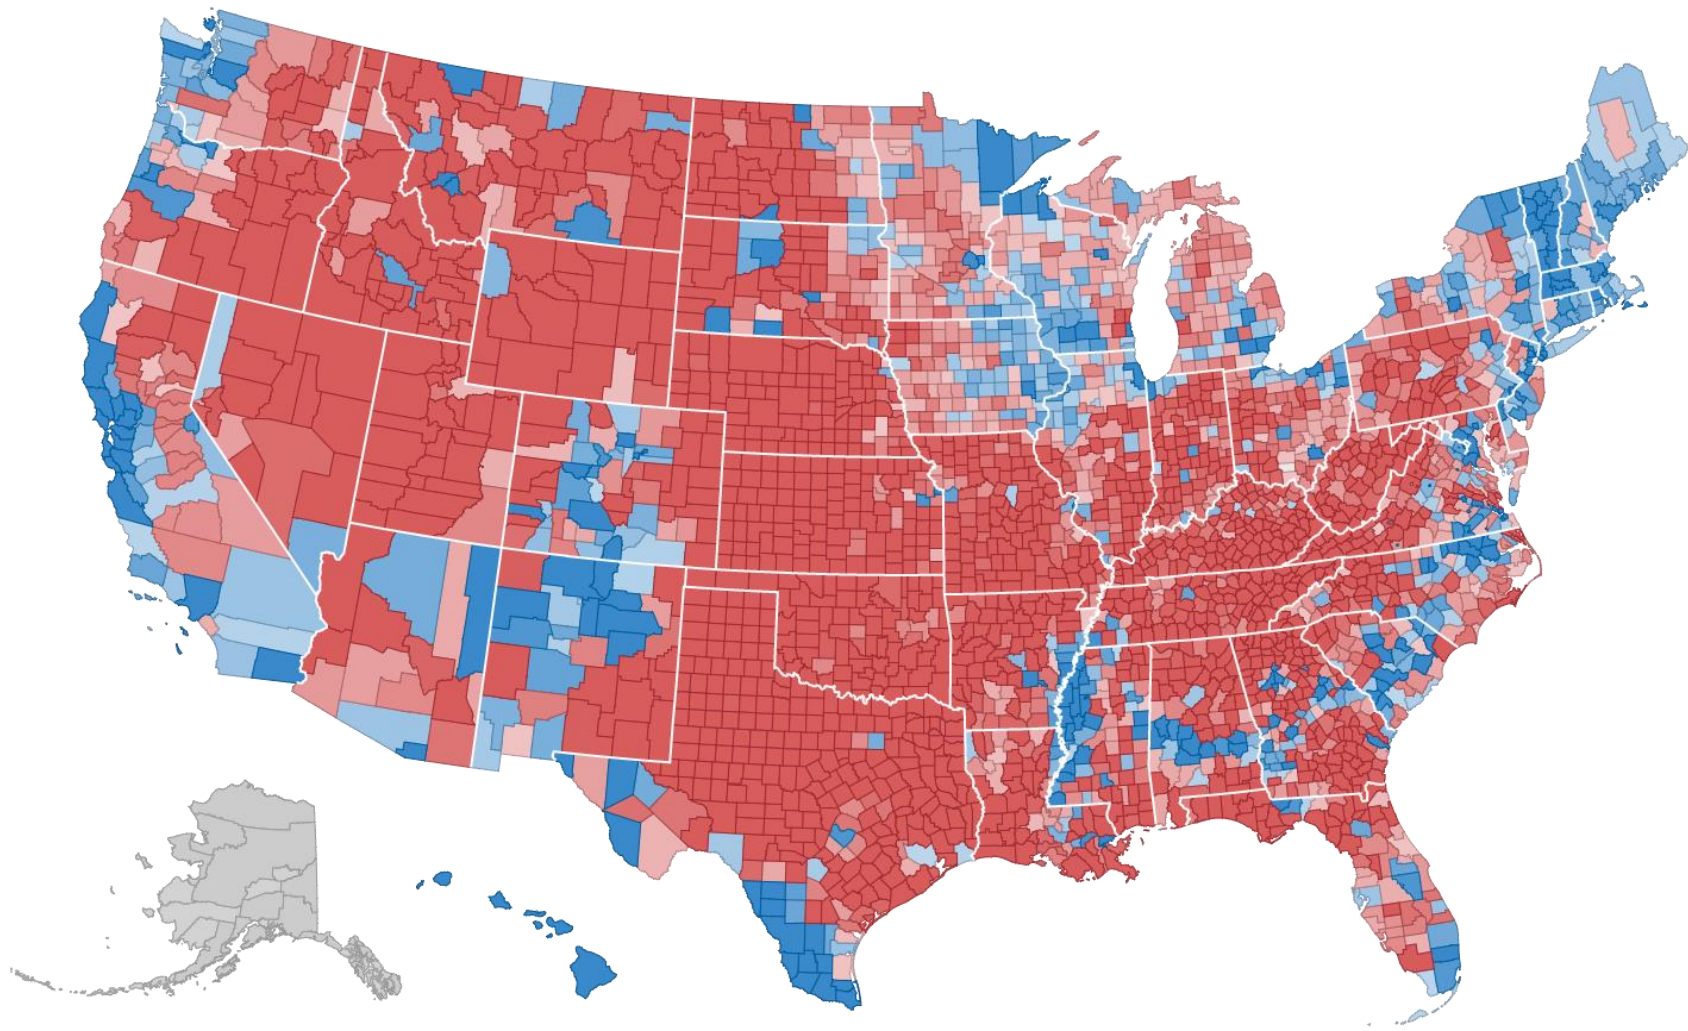

Rhetoric on the Campaign Trail

The (Former) Surgeon General

Vinton County Ohio

The Cabinet

- Sec. Perdue - Gov. of an ag state and reportedly moderate
- Sec. Price – Early reports of interest in healthy corner stores
- Sec. Carson – Unknown
- Sec. Pruitt – Not likely to be supportive
- Ivanka – Interested in childhood nutrition

The Agenda

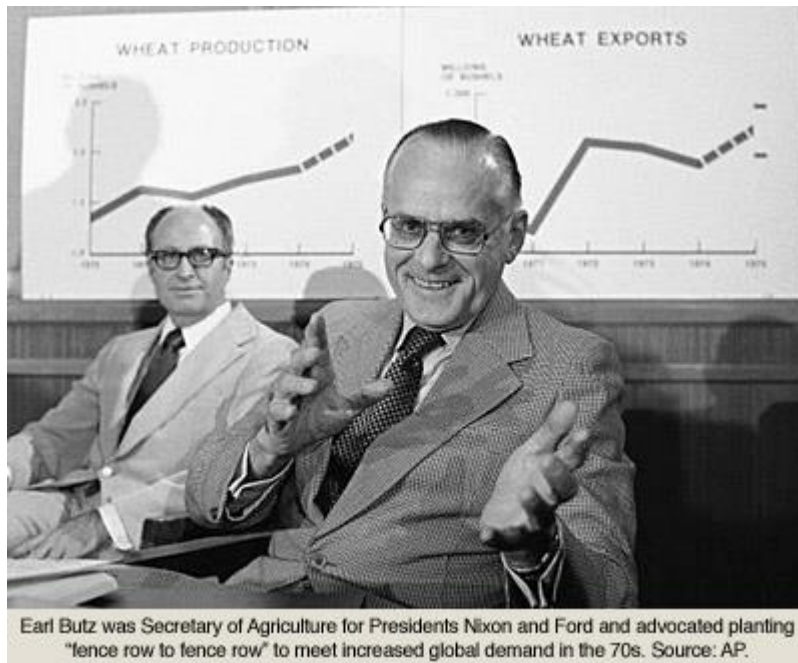

- The Skinny Budget and the CR
- RAA
- CNR
- Farm Bill

What would a populist food policy look like?

Or will it be conventional conservatism?

And how about a worst case scenario?

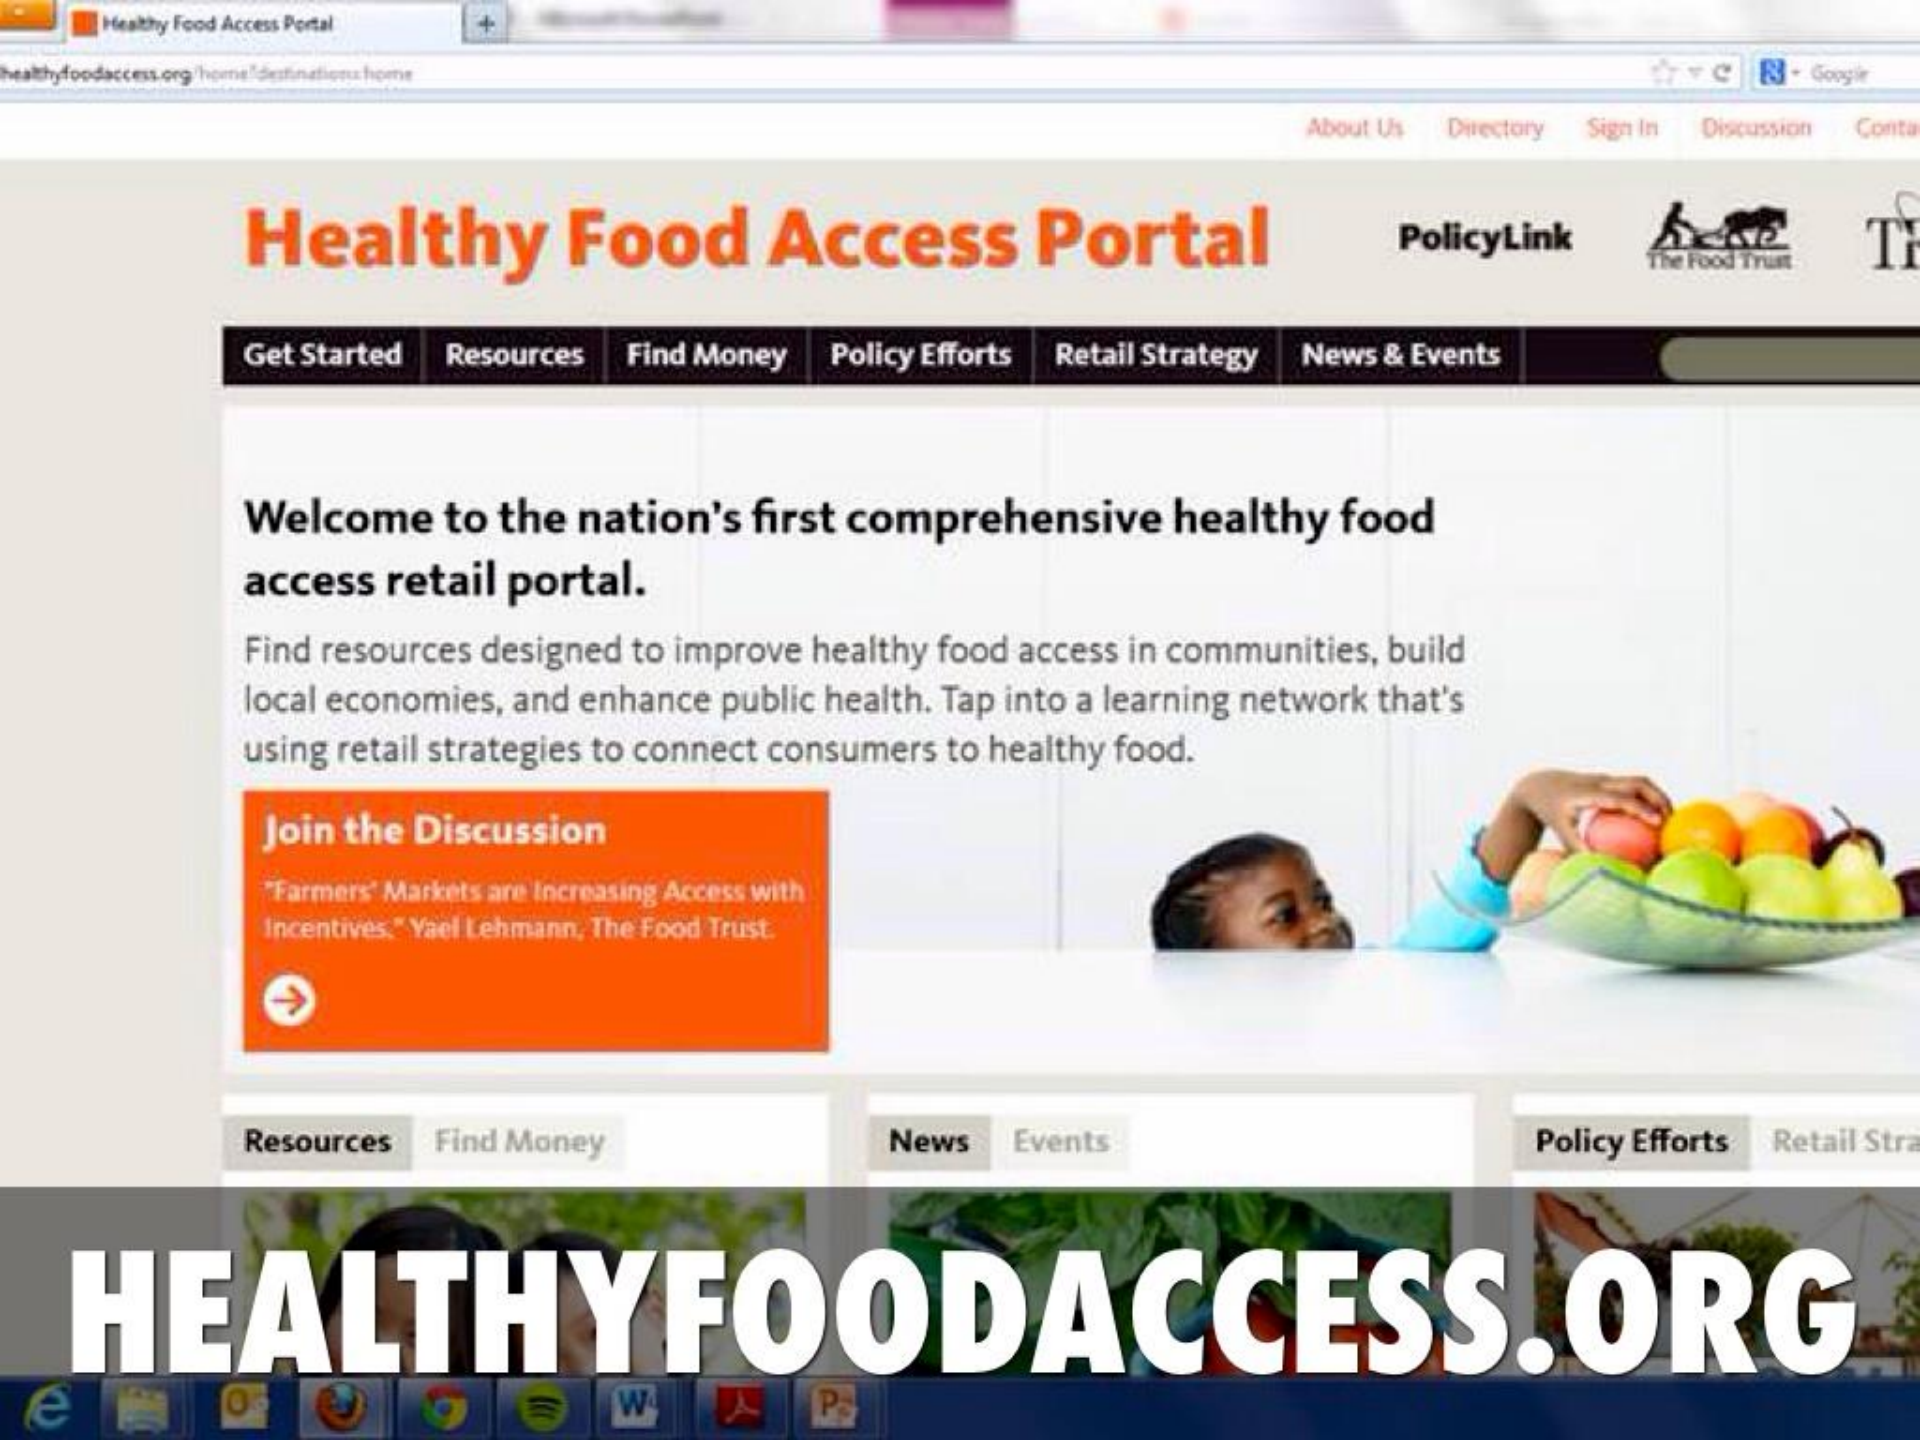

In Summary

I know I'm incredibly unpredictable,
and that's the only thing I'm sure of.
